

MODERN DATA MANAGEMENT FOR AWS

Simplified cloud migration with increased operational efficiency, cost savings and strategic infrastructure management.

Achieve higher levels of monitoring, performance, and intelligence to help you migrate data and workloads to the AWS cloud when you combine Data Infrastructure Insights + Amazon FSx for NetApp ONTAP®. Easily manage your full infrastructure, whether it's in AWS, hybrid or multi-cloud.

Data Infrastructure Insights

- Gain actionable insights to help identify ideal workloads to migrate to AWS
- Maintain operations with centralized monitoring and troubleshooting, both during and after migration
- Detect issues before they impact users
- Optimize storage to reduce costs

FSx for ONTAP

- Extend your enterprise cloud on AWS by optimizing scale, time and latency
- Reduce costs by up to 50% through storage efficiencies and data tiering
- Improve performance by dynamically adjusting throughput levels to scale up or down as needed
- Protect your critical information with built-in high availability and application-aware snapshots

 aws marketplace

AWS Marketplace simplifies software provisioning by combining elastic consumption and contract models with flexible software build and delivery models.

 NetApp

About NetApp

NetApp is the intelligent data infrastructure company, combining unified data storage, integrated data services, and CloudOps solutions to turn a world of disruption into opportunity for every customer. NetApp creates silo-free infrastructure, harnessing observability and AI to enable the industry's best data management. As the only enterprise-grade storage service natively embedded in the world's biggest clouds, our data storage delivers seamless flexibility. In addition, our data services create a data advantage through superior cyber resilience, governance, and application agility. Our CloudOps solutions provide continuous optimization of performance and efficiency through observability and AI. No matter the data type, workload, or environment, with NetApp you can transform your data infrastructure to realize your business possibilities. www.netapp.com
