ISO 14001:2015

NetApp Environmental Policy Statement

NetApp is committed to the success of our customers and partners, to delivering value to our shareholders, and to positively impacting the communities where we work and live.

Furthermore, NetApp is committed to comply with applicable legal, customer and other requirements to prevent pollution and minimize environmental impact of our activities, products, and services through the continual improvement of our environmental management system.

Our Environmental Management System provides the framework for setting, monitoring and continuously improving our environmental goals and objectives.

The NetApp Environmental Management System (EMS) is a continual cycle of planning, implementing, reviewing, and improving NetApp processes and actions to meet environmental obligations and objectives. NetApp conforms to the Environmental Management System Standard ISO 14001:2015. [Request additional information](#) about NetApp's environmental certifications.
