NETAPP KEYSTONE:
THE MOST SECURE STAAS ON THE PLANET
Intelligent data infrastructure, as a service

There's only one storage-as-a-service (STaaS) offering like the NetApp Keystone® portfolio. On premises, in the cloud, or anywhere in between, it's the fastest path to simplifying your hybrid cloud environment.

The Keystone portfolio is our pay-as-you-grow STaaS offering for hybrid cloud environments. It delivers greater agility, operational flexibility, and reduced financial risk to help you achieve optimal business outcomes and save on up-front costs.
