Delivering Efficiency and User Experience at a Lower TCO with NetApp Shared Storage for Hadoop and NoSQL Deployments

NetApp Cost Advantages vs. DAS for Hadoop

Lower initial hardware and software investment

61%

Lower 5-year cost of operations

52%

More efficient IT infrastructure staff productivity

52%

NetApp Cost Advantages vs. DAS for NoSQL

Lower annual hardware, software power and facilities costs

54%

Lower 5-year cost of operations

43%

More efficient deployment *(lower IT staff costs for consulting, support and operations)*

42%

Summary of NetApp Efficiency and Productivity Benefits

3X
More efficient use of servers driving hardware/ software cost savings

30%
Lower IT Staff training costs

54%
Lower downtime driving higher IT user productivity
