

# NetApp & Oracle

Trusted NetApp E-Series performance, Oracle workload tested.

“...The EF570 blows away **everything** we’ve seen.”

- StorageReview

StorageReview

“The EF-Series could handle **10 times** the number of concurrent users in 95% less processing time, even while playing large video files.”

- Bill Kernan, CIO Western Oregon University

The NetApp® EF570 is StorageReview's 2018 Editor's Choice Award winner.

## EF570 Features and benefits

FAST

- 300 us latency
- 1M 4k IOPS
- 16 GB/s bandwidth with only 24 SSDs

SIMPLE

- Quick to deploy
- Small footprint
- 4<sup>th</sup> Generation all-flash system

RELIABLE

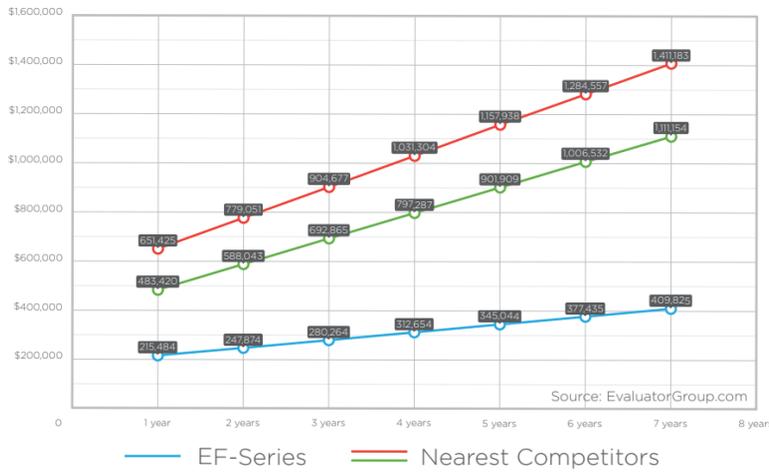

- Documented 99.9999% of uptime
- Scale to 120 SSDs and 1.8 PB online
- +25 years of SANtricity development

“**NetApp EF570 and E5700** systems enable us to reduce speed to insight for our customers while offering **tremendous value and support** for mission-critical workloads.”

- Rob Berger, managing director of big data and analytics, Global Technology Resources, Inc.

EF570 attained the best performance efficiency results for SPC-2 workloads

## Total Cost of Ownership - Cumulative

Simulation data:  
**Duration:** 7-Year period  
**Performance:** 500K IOPS  
**Capacity:** 100TB  
**Bandwidth:** 15GB/s

65% reduced TCO over 5 years
