

# NetApp solve industry-specific AI challenges with award-winning solutions

Artificial intelligence isn't used the same way across industries. Shouldn't your infrastructure be prepared to meet your unique demands?

## Artificial intelligence in medicine

- Automate administration
- Improve diagnosis
- Power drug development
- Predict risk

**Landing page:** [AI in medicine](#)  
**E-book:** [Your prescription for AI success](#)  
**Infographic:** [Build a healthy data infrastructure for AI in medicine](#)  
**Solution brief:** [NetApp® AI solutions for medicine](#)  
**White paper:** [Deep learning to identify COVID-19 lesions in lung CT scans](#)  
**White paper:** [AI in medical imaging: Leading the way to better patient care](#)  
**AI Ninja video:** [Revolutionizing healthcare with AI](#)  
**NetApp TV™ video:** [Yale New Haven Health: Computational Health Platform Evolution](#)  
**NetApp TV video:** [The real promise of AI in healthcare](#)  
**NetApp TV video:** [Leading AI Use Cases Across Industries](#)

**Landing page:** [Accelerate AI-driven transformation in financial services](#)

**E-book:** [An AI infrastructure you can bank on](#)

**Infographic:** [Making dollars and sense](#)

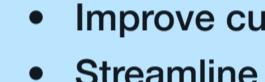

**Solution brief:** [NetApp AI solutions for financial services](#)

**White paper:** [Sentiment analysis for financial services use cases](#)

**White paper:** [Using AI technology to optimize call center outcomes](#)

**AI Ninja video:** [AI transformation in financial services](#)

**NetApp TV video:** [Transformational Impact of AI in Financial Services](#)

## Artificial intelligence for finance

- Detect and prevent fraud
- Improve customer service and products
- Streamline loan and credit approval

**Landing page:** [AI in government: Algorithms for the people](#)

**E-book:** [AI in government](#)

**Infographic:** [Make any mission possible with AI](#)

**Solution brief:** [NetApp AI solutions for government](#)

**AI Ninja video:** [Strengthen defense in the public sector with AI](#)

**NetApp TV video:** [UK Public Sector: Storage considerations for AI](#)

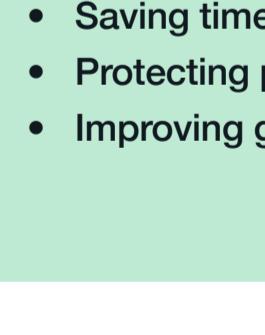

**Landing page:** [AI in manufacturing: Productivity and profitability unleashed](#)

**E-book:** [Manufacture success with AI](#)

**Infographic:** [Put AI to work on the factory floor](#)

**Solution brief:** [NetApp AI solutions for manufacturing](#)

**AI Ninja video:** [Manufacturing made smart with AI](#)

## Artificial intelligence in government

- Shrinking cyberthreat targets
- Saving time and lives
- Protecting public health
- Improving government services

## Artificial intelligence in automotive

- Fuel autonomous vehicles
- Invest in mobility as a service
- Support Connected vehicles and service
- Enable Smart factories and Industry 4.0

**Landing page:** [AI in the automotive industry: Innovation turbocharged](#)

**Solution brief:** [NetApp AI solutions for automotive](#)

**Infographic:** [Go full throttle with AI in automotive](#)

**E-book:** [Supercharge AI in automotive](#)

**AI Ninja video:** [AI turbocharges the automotive industry](#)

**Video:** [AI for connected vehicles](#)

**Video:** [Leveraging the power of data in the automotive industry](#)

**Video:** [Drive profitability and fuel innovation with AI in automotive](#)
