

ACCELERATING GENOMIC RESEARCH THROUGH DATA MANAGEMENT

GENOMIC RESEARCH SAVES LIVES...

Rare Disease Diagnosis

Mutation Tracking

Cancer Detection

Drug Selection

DATA MANAGEMENT CHALLENGES

- **2X** - volume of genomic data more than doubles every year
- **6.2 Exabytes** genomic data generated by 2019
- Research delays, security risks, and cost

NEW CLOUD TECHNOLOGIES SIMPLIFY AND SPEED GENOMIC DATA MANAGEMENT

NETAPP COLLABORATES WITH KEY GENOMICS TECHNOLOGY AND CLOUD PROVIDERS TO DELIVER...

REDUCE DELAYS, RISK, COST AND COMPLEXITY

- Eliminate storage silos that slow down discovery
- Secure and share data without shadow IT workarounds
- Unify cloud storage with the freedom to move your data when and where you need it
