

# Six reasons to choose NetApp solutions for SQL Server

## Data performance on premises or in the cloud

SQL Server that works for you? That works for us.

-  **1 Faster development**  
Provision on-premises systems in minutes and cloud volumes in just 8 seconds.
-  **2 Faster application response times**  
Deliver up to 1 million IOPS, submillisecond latency, and 99.9999% availability.
-  **3 Move to the cloud at your own pace**  
Move data and applications from on premises to any cloud, between clouds, and back again.
-  **4 Protection across edge, core, and cloud**  
Enable faster, more complete backups that use less bandwidth and consume less storage.
-  **5 Faster data recovery**  
If an outage does occur, NetApp® solutions deliver up to 98% faster data recovery.
-  **6 Reduced costs**  
Reduce costs and management complexity with the lowest \$/MBps for all-flash arrays in the SPC-2 top 10 list.<sup>1</sup>
