

NetApp NextCredit for All Flash FAS (AFF) A Series

The industry's most flexible rewards program

Future-proof your NetApp investment

Technology is evolving, and so are your needs. Keeping pace with technological change can be a challenge. With NetApp, you can buy with confidence. Purchase a NetApp® All Flash FAS storage product for your needs today and expand your Data Fabric tomorrow.

Have it your way

Upgrade or Refresh

Want to stay on the cutting edge of technology? Trade in your existing controller and receive a new controller with your credit. Or use your NextCredit to add new flash technology like NVMe and NVMe.

Grow

Need to increase the capabilities of your NetApp environment? Use your NextCredit to add another All Flash FAS node, a capacity node, or a data protection node to your cluster.

Expand Your Data Fabric

Is your IT strategy taking you to the cloud? Use your NextCredit to connect in more ways to the cloud. Keep control of your data while leveraging cloud services by adding a node near the cloud or in a public cloud of your choice.
