

# Accelerate your business in a data-driven world

Did you know that with NetApp® all-flash solutions for Oracle Database, you can:

- Speed time to market
- Accelerate return on investment (ROI)
- Deliver a consistent customer experience

## Speed time to market

“We’ve seen at least a **threefold performance improvement** for all our applications by moving our VMware environment and Oracle databases to NetApp All Flash FAS.”

Chad Thibodeaux  
CIO, McNeese State University

## Accelerate ROI

“We always need to be ready for unanticipated growth, and **we could not have supported the growth we’re experiencing without NetApp All Flash FAS.**”

William Hiatt  
CTO, RapidScale

## Deliver a consistent customer experience

“When we make adjustments, we no longer have to wait 10 minutes to recover the server and start testing again. **We barely have enough time to drink our coffee before it’s back up and ready.**”

Mike Wood  
Senior Analyst Programmer, CSU Chico

Accelerate your Oracle workloads with the **world’s leading all-flash storage** and NetApp ONTAP®, the **world’s #1 open network branded storage OS\***

### Go faster

NetApp is the **top-performing** enterprise storage system as ranked in [SPC-1 results](#).

### Be efficient

Shrink your data center footprint, power, and cooling requirements as much as **10x with guaranteed efficiency.**

### Get cloud connected

NetApp all-flash storage is **designed for the cloud era** to connect to more clouds, in more ways, and to more services.
