## Book your Virtual Executive Briefing

### A DIGITAL EXPERIENCE

The NetApp Executive Briefing Program is expanding its offering with Virtual Briefings. When travel is not an option, we bring our Executives and experts to you, to discuss current and future business requirements and collaboratively explore new ways to solve business challenges. These 2 or 4-hour interactive discussions enable you to get the essential from key executives, product experts, and the engineers responsible for designing technology roadmaps. We also have the possibility to conduct joint briefings with partners such as Dreamworks, Cisco, Google, Microsoft, Veeam and NVIDIA just to name a few.

1. Engage with NetApp experts from the comfort of your home or preferred remote location.
2. Benefit from a time-efficient, highly customized agenda to discuss strategies and solutions to help you implement your vision.
3. Share your insights during an intimate Voice of the Customer session where our discussion leaders actively listen as you share your strategic needs and vision for your business.
4. Collaborate with our experts based across the globe, in dynamic white-boarding sessions to design a plan to execute your specific business goals.
5. Continue conversations in a break-out room to get a more in-depth look at a topic of choice.
6. Engage with NetApp Executives as they provide best practices, industry insights and learnings from NetApp's own transformation.
